On The Wedding Day

Hampers will be delivered at the arranged time along with any extras you have ordered.

Hampers are delivered chilled and can either be delivered in chill packaging which keeps everything safe until opening or from our fridge vans – either way once they are no longer chilled there is a 4 hour time limit to eat the hampers or re-refrigerate

Recommendations for how the picnic wedding day should run...

- Welcome Drinks Table – Have a help yourself affair with dispensers of Pimms / G&T / Water – served in jam jars with straws. Hire steel baths and fill with bottled drinks and ice – or ask bar staff to serve prosecco / bucks fizz / champagne

- Hampers can be set up on tables / on crates next to tables / or in a stack for guests to help themselves to with picnic blankets – for outdoor weddings pallets and cushions or haybales make good alternatives
- It may be a good idea to nominate **hamperteers** to open the hampers and lay the food out on the tables – having aprons on chairs is a good way to announce this, They can also take the role on of putting all the rubbish back into the hampers ready for sorting later.
- Desserts – You can have the hampers as the main course and then have desserts served on a dessert table or on 3 tier stands – we hire either options and can discuss the best way to do this with you.
- Toast Drink and Speeches – Put flutes out when you set tables and then nominate someone to put a bottle of prosecco on the table for guests to pour themselves – or ask bar staff to help

Hamper Collection

- Empty all hampers of Rubbish – do not place anything in hampers they must be returned empty
- Stack all extra items ready to be collected
- Our driver will collect all items at the arranged time and place
